NEWS FROM OUR MEMBERS

A-Cross Corporation of Japan advises that after the devastating earthquake and tsunami that hit the Tohoku and North Kanto region on March 11, things are improving in the area. Blocked major roads and highways are cleared out and open for emergency vehicles and for general transportation vehicles. Back in the capital city, Tokyo, the business has been operating as usual, ever since. They are dealing with outbound moves on schedule and inbound moves are slower than usual due to some vessels skip calling port of Yokohama/Tokyo. Airport services maintain scheduled flights.

PAIMA 27TH ANNUAL CONVENTION

September 9–11, 2011
Grand Hyatt Hotel
Denver, Colorado
