IMPORTANT INDUSTRY NEWS - POSSIBLE NEW REGULATIONS FOR THE MOVING INDUSTRY

Dear PAIMA Members and friends:

As PAIMA continues to strive for inter- association collaboration when possible; PAIMA, as a FIDI partner and an IAM member, has agreed to share the information below with you to create as much awareness of these possible new regulations related to phytosanitary measures and the moving industry.

The risk of invasive species in international movement of freight containers is a major concern for governments and authorities across the world, and it is expected that measures will be taken on a national and/or global scale to mitigate these risks in a near future.

FIDI has been alerted that a new set of globally applicable measures is being proposed to the "Commission on Phytosanitary Measures (CPM) by the World Shipping Council". These measures would among others, transfer the responsibility for the condition of the container from the container owner/operator to the container user, i.e., the moving company in our industry. These proposals are currently being contested by the Global Shippers Forum which submitted a set of counter proposals to the competent authorities.

PAIMA supports FIDI who has joined forces with IAM and the Global Shippers Forum in raising awareness on this importance development, as well as on the need for all stakeholders to mitigate pest contamination in containers. On 8 December 2021, FIDI and the IAM published a joint statement summarizing the new measures proposed and the impact this could have on the international moving sector. Our PAIMA Members can [read the full statement here](#).

As always, PAIMA's Board of Directors is always looking to leverage the most out of inter-association information sharing as news is knowledge at the end of the day.

THINGS TO DO WHILE IN OR AROUND SEATTLE IN 2022:

Seattle Aquarium

(picture on top)

The Seattle Aquarium opened in 1977 and was owned and operated by the City of Seattle Department of Parks and Recreation until 2010, when the nonprofit Seattle Aquarium Society assumed its management—a model used by most leading zoos and aquariums across the United States of America.

In 2007, the Aquarium opened a major expansion that added 18,000 square feet of space to the facility, including an impressive 120,000-gallon exhibit, a gift shop, café, meeting/event space and more.

The Seattle Aquarium operates as a nonprofit "501c3", through a long-term operating agreement with the City of Seattle Department of Parks and Recreation.

Currently, the Aquarium's animal collection is housed within six major exhibits:

- 1) Window on Washington Waters, 2) Life on the Edge, 3) Pacific Coral Reef, 4) Birds & Shores, the 5) Underwater 6) Dome and Marine Mammals.

The renovation of the harbor seal exhibit, opened in June of 2013, was the first step in their 20-year strategic plan, which includes a goal of significantly increasing their physical size and becoming the centerpiece of the City's revitalized waterfront.

ELECTION YEAR 2022: **PAIMA BOARD OF DIRECTORS**

We certainly thank our current PAIMA Board of Directors for their time and dedication, especially these last two "pandemic years" which have been a true test to all humanity. As per current PAIMA By-Laws, we traditionally hold bi-yearly elections for our PAIMA Board of Directors and as we have reported, this was not able to take place in 2020 nor 2021 due to the COVID-19 pandemic.

We are optimistic that we will be able to hold our PAIMA General Assembly in 2022 which will enable us to finally hold our PAIMA bi-yearly elections for our PAIMA Board of Directors. The exact verbiage as per our PAIMA By-Laws are as follows:

Nomination and Candidacy. Those Members of the General Assembly who are entitled and eligible to vote may nominate up to three (3) qualified individuals representing three (3) different Members, for election to the Board of Directors and all nominations shall be provided to the Executive Director no less

than sixty (60) days prior to the scheduled Annual Meeting at which elections are to be held (the “Election Meeting”). Included as part of such nomination, shall be the nomination of a President and Vice President of the Association. Only those individuals who are an owner, partner and/or executive of an Active Member company shall be qualified and eligible to be nominated as a candidate for the Board of Directors and to serve in such capacity. Only Active Members shall be qualified and eligible to be nominated as a candidate for President of the Association and to serve in such capacity. No Member may have more than one (1) representative elected to the Board of Directors during any given term. The Executive Director shall notify, in writing, all qualified individuals who are nominated by at least two (2) Members who are entitled and eligible to vote, of their proposed candidacy (including those who are nominated as a candidate for President and Vice President), no later than thirty (30) days prior to date of the Election Meeting, and such individuals shall either accept or decline their nomination as a candidate, in writing, delivered to the Executive Director, no later than five (5) days after receipt of such notification. A list of eligible candidates who have accepted their nomination for election to the Board of Directors and who have accepted their nomination as either President or Vice President, shall be provided to the General Assembly by the Executive Director as part of the Agenda for the subject Annual Meeting, and no other candidates shall or may be considered unless the list of candidates contains less than seven (7) qualified individuals.

Those are the exact details of how the process works. If there are any questions at all, please contact the PAIMA office.
